Panavision's Technical Marketing guy, Andrew Collier, has just won his 3rd Australian Motorkhana Championship title.

Bendigo, Victoria was the scene of this auspicious occasion held over the weekend of October 23rd. It was a real family affair with Andrew's brother Dave finishing 2nd and daughter Sam 7th overall, thereby claiming first in the ladies division.

Team Collier drive a Motorkhana Special which is a custom built open wheeler propelled by a high performance Renault competition engine.

A motorkhana is an event consisting of up to 12 'tests' which challenges the driver and vehicle's ability to negotiate very tight layouts in a race against the clock. The 'tests' commonly require reversing, slaloming and manoeuvring to correctly complete the course.

Please join us in congratulating Andrew on his achievement when next he visits your set!
