John Seale, ACS, ASC and Steve Windon ACS have been honoured at the prestigious ASC Awards.

John and Steve both received recognition for their work at the 25th American Society of Cinematographers Outstanding Achievement Awards held on 13th February in LA.

John received the annual ASC International Award, which celebrates the work of a foreign cinematographer that is produced on a global scale.

Steve's work on the locally shot TV series 'The Pacific' saw him win the ASC Award for a Television Movie/Miniseries for the episode 'Okinawa.' Being Steve's first ASC nomination, he now enjoys a 100% success rate!

Congratulations to both of them from all of us at Panavision.
